NEW BUSINESS

1. Do we still need an anonymous Choosing folder?

Discussion about the work involved with having the “anonymous” file, but that it allows for choosing to be more transparent. The discussion included the rubric that was recently created, can we make the file easier to make, and that committee members should know that we should be the first to withdraw our submissions if need be.

Katherine moved that we get rid of the anonymous file for three shows wherein we would reassess at that time; Otis seconded.

The motion was passed unanimously.

2. Photo-Done prior to meeting
