

Northwest Neighborhood Association

Meeting Agenda

Monday, February 8, 2021

Online Zoom Meeting

MEETING 7:00 – 9:00 p.m.

Agenda Items:

- New mayor Travis Stovall will provide an overview of his priorities for the next six months for the City of Gresham.
- Britt McConn, a northwest neighbor who serves as a volunteer on the City Urban Forestry sub-committee, will update neighbors on city policy work related to the urban tree canopy.
- Our Nwana Treasurer, Naomi Butler, will provide updates on the Community Enhancement Grant program. This is an opportunity for the neighborhood association to lead projects with modest grant funding from Metro.
- Association board reports, including updates on the new benches at Bella Vista park, results of our recent Adopt a Park, an update on historical signage in Bella Vista park, free EMSWCD online garden workshops, and land use updates.

This is a great opportunity to learn about your community and meet your neighbors – virtually!

Upcoming Virtual Workshops

Several neighbors have been intrigued by the new Bella Vista Rain Garden (we're going to continue to iterate on that, as it is filling up!). If you are interested in learning about rain gardens, the East Multnomah County Soil and Water District hosts a range of workshops, including one on rain gardens:
