

INDUSTRIAL USER CHANGE IN DISCHARGE NOTIFICATION

In accordance with Chapter 4.45.030(2) and 4.45.060(4) of the Gresham Revised Code and 40 CFR 403.12(j), all Industrial Users shall notify the City prior to any substantial changes in volume or character of pollutants in their discharges, including hazardous wastes. Existing permitted Industrial Users proposing facility expansion, production increase or process modification which may result in a change in the character of pollutants to be discharged or which may result in new or increased discharge which may exceed the condition of their permit shall apply for a new permit at least 90 days prior to changing the discharge to the sanitary sewerage system. The permittee shall not implement such changes until an authorized representative of the City's Industrial Pretreatment Program has responded to the Permittee's notice or a permit modification has been issued.

Notification must be submitted to: IPP@GreshamOregon.gov and/or
